"Dimensions Explained"

What if spiritual awakening isn't just a shift in belief—but a dimensional upgrade in consciousness?

We explore the 3rd, 4th, and 5th dimensions as stages of spiritual evolution—each one offering opportunities to shed illusions and embody more of our divine nature.

Far from being abstract or “woo,” these dimensional stages reflect real vibrational shifts in how we perceive reality, relate to others, and understand ourselves as co-creators. David unpacks these levels of awareness, drawing from metaphysical insights, spiritual texts, and his own decades of transformational experience.
