

SPIRITUAL PRINCIPALS #5

Spirit Language

"Is it a Message for Our Time?"

We'll explore the mystical phenomenon of Glossolalia—also known as Spirit Language or Light Language.

But this isn't the "speaking in tongues" familiar from the charismatic movement. This is something deeper, more ancient, and profoundly relevant to our time.

David and Randall share experiences with this sacred, vibrational expression—a non-linear, multidimensional language that bypasses the intellect and speaks directly to the soul and cells. It is not meant to be translated word-for-word but felt, received, and embodied. These are messages from the Creator, encoded in sound and frequency, tailored for awakening now.
