

# 24/7 HYBRID AND ELECTRIC VEHICLE SUPPORT

CALL 855 ESA SAFE FOR REAL TIME GUIDANCE

## RISK ANALYSIS

ENERGY SECURITY AGENCY SPECIALISTS PROVIDE REAL TIME GUIDANCE TO TOW AND RECOVERY PROFESSIONALS AND EMERGENCY RESPONDERS INTERACTING WITH HYBRID AND ELECTRIC VEHICLES. ALL OF OUR AGENTS ARE CERTIFIED RESCUE TECHNICIANS AND READY TO SUPPORT YOUR OPERATIONS.

- **Electric Vehicles exposed to high volumes of water are at great risk of short circuiting and progressing into thermal runaway.**
- **Call the ESA and complete a real time Federally compliant Risk Assessment to make sure the vehicle is handled properly**
- **Dive Support, Swift Water Support, Flood Water Support**
